KINGS CHAMBERS QUALITY POLICY

INTRODUCTION

It is the policy of Kings Chambers (“Chambers”) to maintain a commitment to providing our clients with an excellent standard of service.

Established in 1946, we are recognised as one of the leading civil sets outside of London and it is important that we maintain a high standard of service through our dedication to clients and our uncompromising attitude to quality, professional standards, advocacy and specialist legal services.

The pursuit of excellence is at the core of our collective culture and we achieve this by maintaining and continually developing an effective infrastructure, attracting consistently high-quality work at both a national and international level and maintaining a membership of barristers recognised for their reputation for quality, advocacy, specialist knowledge and professional standards.

- We will endeavour to deliver our services to the highest professional standards;
- We will endeavour to conduct our business in an ethical and professional manner; and
